Main transport destinations/origins

Hub function

	Pre-carriage	Destination
Rail	Northern, southern and western ports as well as national traffic to all Austrian terminals over night	Hamburg, Bremerhaven, Rotterdam, Antwerpen, Triest, Koper, Prague
Road	Salzburg, Upper Austria, Styria, Carinthia, Tyrol, southern parts of Bavaria	

Catchment area

CTS Salzburg is an important traffic node for combined freight transport in western Austria. The catchment area covers Salzburg, the south of Bavaria, some areas of Upper Austria, Styria, Carinthia, Tyrol and Vorarlberg. As central hub for combined traffic this terminal is a connector between road and rail. The most important european ports and commercial centers are addressed by daily shuttle train services.

Additional information

By the optimal location, the terminal Salzburg enables cost efficient access to the world market for the regional companies of Salzburg, those of neighbouring provinces and those of Bavaria.

Access - description

- A 1 motorway (A 1 Westautobahn)
- Exit 'Klessheim' (EXIT 293)
